RE: Submittal of Updated and Revised Desired Future Conditions for the Edwards-Trinity (Plateau) and Pecos Valley Aquifers on Behalf of Groundwater Management Area 3

Dear Mr. Walker:

The groundwater conservation districts in Groundwater Management Area 3 met in Fort Stockton, Texas on December 13, 2017, and adopted a resolution regarding updated and revised desired future conditions for the Edwards-Trinity (Plateau), and Pecos Valley aquifers. The update and revised desired future conditions were needed due to findings of the review of the previously submitted desired future conditions as detailed in the accompanying technical memorandum (GMA 3 TM 17-01).

The groundwater conservation districts in Groundwater Management Area 3 authorized me to submit the following in support of the updated and revised desired future conditions:

- Posted notices of the December 13, 2017 GMA 3 meeting
- The resolution adopted at the December 13, 2017 GMA 3 meeting
- The revised explanatory report (the resolution is also included as Appendix A of the explanatory report)
- GMA 3 Technical Memorandum 17-01 which documents the changes made

The designated representative for Groundwater Management Area 3 is:

Ty Edwards, General Manager
Middle Pecos Groundwater Conservation District
