

## Illustrative Lending Rate Memorandum | May 17, 2024

The Texas Water Development Board’s Illustrative Lending Rates (ILR), shown as of the above date, assume level debt service, and are subject to change and availability of funds. Actual rates will vary depending on length, time of closing and structure. For Clean Water State Revolving Funds (CWSRF) and Drinking Water State Revolving Funds (DWSRF), actual rates will also depend upon the entity's corresponding rating. These rates are listed for comparative and marketing purposes only. Also included here are the [2023 State Water Implementation Fund for Texas \(SWIFT\) rates](#) for the current funding cycle.
