SUBJECT: City of Houston General Revenue Grant – Spring Shadows Drainage and Paving Project – TWDB Project No. 21928

ACTION REQUESTED

Consider authorizing the Executive Administrator to execute an agreement with the City of Houston for a \$5,000,000 grant pursuant to SB 1, 89th Leg., R.S., Article IX, Section 17.18 (23).

BACKGROUND

The Spring Shadows neighborhood is located in northwest Houston, approximately 17 miles from downtown. Drainage conveyance for the neighborhood is provided by Buttermilk Creek. During heavy rain events the creek can overflow, increasing the risk of flooding of nearby homes and streets.

The overall project consists of construction of underground storm sewer trunk lines, installation of new inlets, and development of shared-use bike/walk trails constructed over the new storm sewers. The total project is estimated at \$37.1 million. This funding will be used for the design phase and engineering services. The project is expected to provide relief to approximately 7,300 residents by reducing localized flooding and improving stormwater flow.

KEY ISSUES

The Legislature specifically directed the Texas Water Development Board (TWDB) to provide funds for the above stated purpose. Consequently, the TWDB may provide funds from the general revenue account without reference to the requirements of other TWDB programs. The conditions necessary to affect the financing are only those necessary

A RESOLUTION OF THE TEXAS WATER DEVELOPMENT BOARD
APPROVING AN APPLICATION FOR FINANCIAL ASSISTANCE
TO THE CITY OF HOUSTON FROM THE GENERAL REVENUE FUND THROUGH A
GRANT IN THE AMOUNT OF \$5,000,000

(26-)

Recitals:

The 89th Texas Legislature, through House Bill 500, 89th Leg. R.S., Article VI and Senate Bill 1, 89th Leg. R.S., Article IX, appropriated to the Texas Water Development Board (TWDB) an amount not to exceed \$5,000,000 out of the General Revenue Fund for the purpose of constructing a flood project for the City of Houston, Texas (City).

The City seeks financial assistance in the amount of \$5,000,000 in grant funds to finance flood improvements identified as Project No. 21928.

In accordance with its duties and responsibilities under Texas Water Code § 6.012, the TWDB has considered all matters required by law and in particular the instructions of the 89th Legislature.

The TWDB hereby finds that the project is eligible to receive funds in accordance with House Bill 500 and Senate Bill 1.

NOW, THEREFORE, based on these findings, the TWDB resolves as follows:

accordance with the Public Funds Investment Act, Government Code, Chapter 2256, and the Public Funds Collateral Act, Government Code, Chapter 2257

5. Financial assistance funds shall not be used by the City when sampling, testing, removing, or disposing of contaminated soils and/or media at the project site. The Grant Agreement shall include an environmental indemnification provision wherein the City agrees to indemnify, hold harmless and protect the TWDB from any and all claims, causes of action or damages to the person or property of third parties arising from the sampling, analysis, transport, storage, treatment and disposition of any contaminated sewage sludge, contaminated sediments and/or contaminated media that may be generated by the City, its contractors, consultants, agents, officials and employees as a result of activities relating to the project to the extent permitted by law.
6. Prior to closing, when any portion of the financial assistance is to be held in escrow or in trust, the City shall execute an escrow or trust agreement, approved as to form and substance by the Executive Administrator, and shall submit that executed agreement to the TWDB.
