DETERMINATION OF NO EFFECT

TO ALL POTENTIALLY INTERESTED AGENCIES:

Pursuant to the environmental assessment requirements of 31 Texas Administrative Code (TAC) §363.14 of the Texas Water Development Board (TWDB) rules, the Executive Administrator of the TWDB has determined that the proposed action identified below may be exempted from formal environmental review requirements:

City of Alba, Wood County, Texas
Wastewater Treatment Plant Rehabilitation Project
Texas Water Development Fund Project No. 21756
TWDB Commitment: \$840,000 (Loan No. L1000452)

The City of Alba (City) is proposing to use funding from an \$840,000 Texas Water Development Fund loan to rehabilitate the City's wastewater treatment plant (WWTP). The project will include the removal of excess vegetation and sludge, the addition of floating aerators to help meet effluent limitations for dissolved oxygen, and disinfection for compliance for fecal coliform limits. Project activities will be limited to the existing facilities. The TWDB approved a commitment of funds (\$840,000) on August 26, 2015. The anticipated loan closing date is December 1, 2015.

A Determination of No Effect for the project is allowable under existing TWDB Rules because the specified activity should not result in significant adverse impacts to environmental quality or human activities and welfare. Documentation supporting this determination is on file at the TWDB.

This environmental determination may be revoked if it is found that the project does not meet the requirements of 31 TAC Section 363.14. Circumstances warranting revocation may be based on, but are not limited to, changes in the project; new evidence; or potential violations of federal, state, local, or tribal laws.

The project also must comply with the following conditions:

- Standard emergency condition for the discovery of cultural resources; and,
- Standard emergency condition for the discovery of threatened and endangered species.

Comments regarding this determination may be submitted to the Director of Regional Water Planning and Development, Texas Water Development Board (TWDB), P.O. Box 13231, Austin, Texas 78711-3231.
