August 31, 2011

Melanie Callahan, Interim Executive Administrator
Texas Water Development Board
1700 N. Congress Avenue
Austin, TX 78701

RE: Desired Future Conditions Submittal for Groundwater Management Area 8

Dear Ms. Callahan:

The North Texas Groundwater Conservation District is the administrator for the Groundwater Management Area 8 (GMA 8). On behalf of GMA 8, we are submitting revised desired future conditions (DFC) for one of the aquifers within our boundary. The aquifer for which revised DFCs have recently been adopted are as follows: Nacatoch Aquifer.

Our submittal includes the following information:

1) A signed resolution adopting the desired future conditions and recording the member votes.
2) Copies of agendas announcing the meeting at which the DFCs were adopted from each of the groundwater conservation districts in GMA 8.
3) Approved minutes from the meeting at which the DFCs were adopted.

Please feel free to contact me if you have any questions or need additional information.

Sincerely,

Eddy Daniel
President, North Texas Groundwater Conservation District
GMA 8 Chairman

SIGNED RESOLUTION ADOPTED THE DESIRED FUTURE CONDITIONS
RESOLUTION TO ADOPT DESIRED FUTURE CONDITIONS
FOR AQUIFERS IN GROUNDWATER MANAGEMENT AREA 8

THE STATE OF TEXAS ¶
GROUNDWATER MANAGEMENT AREA 8 ¶
GROUNDWATER CONSERVATION DISTRICTS ¶

WHEREAS, Section 36.108 of the Texas Water Code requires groundwater conservation districts located entirely or partially within a groundwater management area designated by the Texas Water Development Board ("TWDB") to establish desired future conditions ("DFCs") for the relevant aquifers within each groundwater management area by no later than September 1, 2010, and every five years thereafter; and

WHEREAS, the groundwater conservation districts located entirely or partially within Groundwater Management Area 8 ("GMA 8") as of the date of this resolution are as follows: Central Texas Groundwater Conservation District, Clearwater Underground Water Conservation District, Fox Crossing Water District, Middle Trinity Groundwater Conservation District, Northern Trinity Groundwater Conservation District; Post Oak Savannah Groundwater Conservation District, Saratoga Underground Water Conservation District, Southern Trinity Groundwater Conservation District (formerly McLennan County Groundwater Conservation District), Prairielands Groundwater Conservation District, Upper Trinity Groundwater Conservation District, North Texas Groundwater Conservation District, and Red River Groundwater Conservation District (collectively referenced hereinafter as "GMA 8 Districts"); and

WHEREAS, the GMA 8 Districts are each governmental agencies and bodies politic and corporate operating pursuant to Chapter 36 of the Texas Water Code; and

WHEREAS, the GMA 8 Districts each desire to fulfill the requirements of Section 36.108 of the Texas Water Code through mutual cooperation and joint planning efforts; and

WHEREAS, the GMA 8 Districts have had numerous public meetings at which they have engaged in joint planning efforts to promote more comprehensive management of the aquifers located in whole or in part in Groundwater Management Area 8; and

WHEREAS, the GMA 8 Districts may establish different desired future conditions for: (1) each aquifer, subdivision of an aquifer, or geologic strata located in whole or in part within the boundaries of GMA 8; or (2) each geographic area overlying an aquifer in whole or in part or subdivision of an aquifer within the boundaries of GMA 8; and

WHEREAS, the GMA 8 Districts recognize that GMA 8 includes a geographically and hydrologically diverse area with a variety of land uses and a diverse mix of water users; and
WHEREAS, the GMA 8 Districts have considered the hydrologic and hydrogeologic characteristics of the Nacatooch aquifer, as well as the various uses and users of groundwater produced from the Nacatooch aquifer, subdivisions, and strata; and

WHEREAS, representatives of the GMA 8 Districts convened for a meeting, which was open to the public, this day, the 23rd day of June, 2011, at 10:00 a.m. at the Cleburne Conference Center located at 1501 W Henderson St., in Cleburne, Texas, to take up and consider the adoption of DFCs for the Nacatooch aquifer within GMA 8; and

WHEREAS, of the twelve GMA 8 Districts, the meeting this day was attended by duly appointed voting representatives from the following districts (as indicated):
- Central Texas Groundwater Conservation District,
- Clearwater Underground Water Conservation District,
- Fox Crossing Water District,
- Middle Trinity Groundwater Conservation District,
- North Texas Groundwater Conservation District,
- Northern Trinity Groundwater Conservation District,
- Post Oak Savannah Groundwater Conservation District,
- Prairielands Groundwater Conservation District,
- Red River Groundwater Conservation District,
- Saratoga Underground Water Conservation District,
- Southern Trinity Groundwater Conservation District,
- Upper Trinity Groundwater Conservation District; and

WHEREAS, with voting representatives in attendance from at least two-thirds of the GMA 8 Districts, notice and meeting requirements set forth by Sections 36.108(d-1)(1)-(2) and (e) of the Texas Water Code have been met regarding this June 23, 2011, meeting, specifically notice of the meeting held this day was given in accordance with the requirements for notice of the board of directors for each of the GMA 8 Districts under Chapter 551 of the Texas Government Code, and a true and correct copy of each of the notices are attached hereto as “Appendix B” and are each incorporated herein for all purposes; and

WHEREAS, the GMA 8 Districts find therefore that the notice and meeting requirements to take up this day and consider the adoption of DFCs for the Nacatooch aquifer within GMA 8 have been and are satisfied; and

WHEREAS, it is the intent and purpose of the GMA 8 Districts by adoption of this resolution to fulfill the requirements of Section 36.108 of the Texas Water Code, including establishing “desired future conditions for the relevant aquifers” within GMA 8 for the Nacatooch aquifer described under Scenario 4 in “Appendix A,” attached hereto and incorporated herein for all purpose; and

WHEREAS, in establishing these desired future conditions for the Nacatooch aquifer set forth under Scenario 4 in Appendix A, the GMA 8 Districts have considered all of the criteria required by Chapter 36 of the Texas Water Code and other information, including but without limitation groundwater availability models and runs of those models to determine the effects of
various conditions and parameters, hydrogeologic reports available for the Nacatoch aquifer, and other technical data and information; and

WHEREAS, in establishing these desired future conditions for the Nacatoch aquifer set forth under Scenario 4 in Appendix A, the GMA 8 Districts have considered the uses and conditions of the aquifer and what the effects and impacts of adopting such desired future conditions will have upon the condition of the aquifer and the uses and users of groundwater from the aquifer both now and in the future; and

WHEREAS, the GMA 8 Districts find that the adoption of DFCs for the Nacatoch aquifer within GMA 8 are merited and necessary to support the management of groundwater resources within the boundaries of the GMA 8 Districts in a manner consistent with the requirements of Chapter 36, Water Code;

NOW, THEREFORE, BE IT RESOLVED BY THE REPRESENTATIVES OF THE GROUNDWATER CONSERVATION DISTRICTS WITHIN GROUNDWATER MANAGEMENT AREA 8:

1) Each of the affirmations and recitals set forth above are true and correct.

2) The authorized voting representatives of the GMA 8 Districts hereby establish the DFCs for the Nacatoch aquifer within GMA 8 as described under Scenario 4 in Appendix A.

3) The GMA 8 Districts and their agents and representatives, individually and collectively, are further authorized to take any and all actions necessary to implement this resolution.

4) Each desired future condition for the Nacatoch aquifer within GMA 8 that is adopted upon the approval of this resolution shall be effective immediately and shall continue in effect until amended, superseded, or repealed.

AND IT IS SO ORDERED.

PASSED AND ADOPTED on this 23rd day of June, 2011.

NOTICE OF MEETING
GROUNDWATER MANAGEMENT AREA 8

Notice is hereby given that the groundwater conservation districts located wholly or partially within Groundwater Management Area (GMA) 8, as designated by the Texas Water Development Board (TWDB), consisting of the Central Texas Groundwater Conservation District, Clearwater Underground Water Conservation District, Fox Crossing Water District, Middle Trinity Groundwater Conservation District, North Texas Groundwater Conservation District, Northern Trinity Groundwater Conservation District, Post Oak Savannah Groundwater Conservation District, Prairielands Groundwater Conservation District, Red River Groundwater Conservation District, Saratoga Underground Water Conservation District, Southern Trinity Groundwater Conservation District, and Upper Trinity Groundwater Conservation District will hold a Joint Planning meeting at 10:00 A.M. on Thursday, June 23, 2011, at the Cleburne Conference Center located at 1501 W. Henderson St., Cleburne, TX 76033. The meeting will be open to the public. The following items of business will be discussed:

1. Invocation.
2. Call meeting to order and establish quorum.
3. Welcome and introductions.
4. Public comment.
5. Approve minutes of April 27, 2011 GMA 8 meeting.
6. Discussion and possible action to revise the desired future conditions for the Nacatoch Aquifer.
7. Discussion and possible action to revise the desired future conditions for the Trinity Aquifer.
8. Discussion and possible action on making the Brazos River Alluvium in Milam County non relevant.
9. Discussion and possible action on making the Woodbine Aquifer in the Southern Trinity Groundwater Conservation District non relevant.
10. Discussion and possible action regarding funding and a budget for GMA 8.
11. Discussion regarding officers for GMA 8
12. Discuss agenda items for next meeting.
13. Set date, time, and place of next meeting.
14. Closing comments.
15. Adjourn.

Dated this 13th day of June, 2011

Eddy Daniel, President
North Texas GCD

The above agenda schedules represent an estimate of the order for the indicated items and is subject to change at any time. These public meetings are available to all persons regardless of disability. If you require special assistance to attend the meeting, please call (855) 426-4433 at least 24 hours in advance of the meeting to coordinate any special physical access arrangements.

At any time during the meeting or work session and in compliance with the Texas Open Meetings Act, Chapter 551, Government Code, Vernon's Texas Codes, Annotated, the North Texas Groundwater Conservation District Board may meet in executive session on any of the above agenda items or other lawful items for consultation concerning attorney-client matters ($551.071); deliberation regarding real property ($551.072); deliberation regarding prospective gifts ($551.073); personnel matters ($551.074); and deliberation regarding security devices ($551.076). Any subject discussed in executive session may be subject to action during an open meeting.

Reasonable accommodations and equal opportunity for effective communications will be provided upon request. Please contact the District office at 512-455-9900 at least 24 hours in advance if accommodation is needed. During the meeting, the Committee reserves the right to go into executive session for any of the purposes authorized under V.T.C.A., Government Code, Chapter 551, for any item on the above agenda or as otherwise authorized by law.
NOTICE OF MEETING- GROUNDWATER MANAGEMENT AREA 8
June 23, 2011 – 10:00 a.m.
Cleburne Conference Center
1501 W Henderson St.
Cleburne, TX 76033

AGENDA

Notice is hereby given that the groundwater conservation districts located wholly or partially within Groundwater Management Area (GMA) 8, as designated by the Texas Water Development Board (TWDB), consisting of the Central Texas Groundwater Conservation District, Clearwater Underground Water Conservation District, Fox Crossing Water District, Middle Trinity Groundwater Conservation District, North Texas Groundwater Conservation District, Northern Trinity Groundwater Conservation District, Post Oak Savannah Groundwater Conservation District, Prairielands Groundwater Conservation District, Red River Groundwater Conservation District, Saratoga Underground Water Conservation District, Southern Trinity Groundwater Conservation District, and Upper Trinity Groundwater Conservation District will hold a Joint Planning meeting at 10:00 A.M. on Thursday, June 23, 2011, at Cleburne Conference Center located at 1501 W Henderson St., Cleburne, TX 76033. The meeting will be open to the public. The following items of business will be discussed:

1. Invocation.
2. Call meeting to order and establish quorum.
3. Welcome and introductions.
4. Public comment.
5. Approve minutes of April 27, 2011 GMA 8 meeting.
6. Discussion and possible action to revise the desired future conditions for the Nacatoch Aquifer.
7. Discussion and possible action to revise the desired future conditions for the Trinity Aquifer.
8. Discussion and possible action on making the Brazos River Alluvium in Milam County non relevant.
9. Discussion and possible action on making the Woodbine Aquifer in the Southern Trinity Groundwater Conservation District non relevant.
10. Discussion and possible action regarding funding and a budget for GMA 8.
11. Discuss agenda items for next meeting.
12. Set date, time, and place of next meeting.
13. Closing comments.

Dated this 8th day of June, 2011

By:
Gary Westbrook, General Manager, POSGCD

The Post Oak Savannah Groundwater Conservation District is committed to compliance with the Americans with Disabilities Act. Reasonable accommodations and equal opportunity for effective communications will be provided upon request. Please contact the District office at 512-455-9900 at least 24 hours in advance if accommodation is needed. During the meeting, the Committee reserves the right to go into executive session for any of the purposes authorized under V.T.C.A., Government Code, Chapter 551, for any item on the above agenda or as otherwise authorized by law.

ATTACHMENT 3

APPROVED MINUTES
Meeting of the
Groundwater Management Area 8
June 23, 2011 in Cleburne, TX

Minutes

The Groundwater Management Area 8 consisting of the Central Texas Groundwater Conservation District, Clearwater Underground Water Conservation District, Fox Crossing Water District, Middle Trinity Groundwater Conservation District, North Texas Groundwater Conservation District, Northern Trinity Groundwater Conservation District, Post Oak Savannah Groundwater Conservation District, Prairielands Groundwater Conservation District, Red River Groundwater Conservation District, Saratoga Underground Water Conservation District, Southern Trinity Groundwater Conservation District, and Upper Trinity Groundwater Conservation District (GCD) held a Joint Planning meeting at 10:00 A.M. on Thursday, June 23, 2011, in the Cleburne Conference Center in Cleburne, Texas.

Groundwater District Representatives Present:
Central Texas GCD: Richard Bowers
Clearwater UWCD: Judy Parker
Fox Crossing WD: None
Middle Trinity GCD: Joe Cooper
North Texas GCD: Eddy Daniel
Northern Trinity GCD: Fiona Allen
Post Oak Savannah GCD: Gary Westbrook
Prairielands GCD: Joshua Grimes
Red River GCD: George Olson
Saratoga UWCD: None
Southern Trinity GCD: Glen Thurman
Upper Trinity GCD: Mike Massey

1. Invocation

Eddy Daniel, North Texas GCD, presided over the meeting. Gary Westbrook, Post Oak Savannah GCD, gave the invocation.

2. Call meeting to order and establish quorum.

The Groundwater Management Area 8 (GMA 8) meeting was called to order at 10:02 AM at the Cleburne Conference Center in Cleburne, TX. Mr. Daniel welcomed the new members, took roll and established that a quorum was present. Ten Districts were present at the time of roll call, with Fox Crossing GCD and Saratoga GCD absent.

3. Welcome and introductions.

Mr. Daniel asked members of the Committee to introduce themselves.

4. Public Comments.

Mr. Charles Sides, citizen near Sand Flat explained that he moved out of the city and into the country to escape government control and high taxes. However, he is now experiencing high taxes from the County and will not be able to drill a well due to control from the groundwater conservation district. He currently uses cooperative water, which includes a $31 base fee. Mr. Sides explained that he would like to drill a well, but cannot afford to due to the control of the groundwater district. Mr. Sides expressed that he should be able to improve his property without incurring additional fees from government entities.
5. **Approve minutes of April 27, 2011 GMA 8 meeting.**

Mike Massey, Upper Trinity GCD provided two corrections on page 2 of the minutes.

Richard Bowers, Central Texas GCD, moved to approve the minutes of the April 27, 2011 GMA 8 meeting, seconded by Mike Massey, Upper Trinity GCD. The motion carried unanimously, 10-0.

6. **Discussion and possible action to revise the desired future conditions for the Nacatoch Aquifer.**

Mr. Daniel explained this item has been on several agendas. In April, the Committee did not have a resolution available to revise the desired future conditions for the Nacatoch Aquifer. Scenario 4 was discussed for approval. A resolution was provided to revise the desired future conditions based on Scenario 4. Mr. Massey questioned whether the resolution expressed Scenario 4. Mr. Daniel reviewed the resolution and verified that the resolution would need to be revised to reflect the drawdown Scenario 4 in Appendix “A”. Change each section in the resolution to reflect Scenario 4 of Appendix “A”. The Nacatoch Aquifer is not covered by any groundwater conservation district, but is located within GMA 8. The Committee wanted to address the issue to provide for citizens utilizing the water from the Nacatoch Aquifer. Dr. Bill Hutchison, Director of Groundwater Resources for the Texas Water Development Board (TWDB) explained that this resolution would make the Managed Available Groundwater (MAG) numbers consistent with the State Water Plan.

Joshua Grimes, Prairielands GCD, moved to approve the Resolution to revise the desired future conditions for the Nacatoch Aquifer, subject to the language being changed to reflect Scenario 4 of Appendix “A”, seconded by Gary Westbrook, Post Oak Savannah GCD. The motion carried unanimously, 10-0.

7. **Discussion and possible action to revise the desired future condition for the Trinity Aquifer.**

Richard Bowers, Central Texas GCD reported that his District, Middle Trinity GCD, and Clearwater UWCD have not reached an agreement at this time. Therefore, the Central Texas GCD will use the current DFC for the Trinity Aquifer in the District and issue permits as needed to meet the DFC until a model is developed that more accurately describes actual conditions of the Trinity aquifer in Burnet County. This item was tabled until a later date.

8. **Discussion and possible action on making the Brazos River Alluvium in Milam County non relevant.**

Agenda items 8 and 9 were combined. A resolution was provided to the Committee for review. Mr. Westbrook reported that the Brazos River Alluvium in Milam County is not utilized and no permits are issued. To drill monitoring wells in the Alluvium to measure water levels would cost the Post Oak Savannah GCD money that cannot be recovered since no permits for water use are issued for that area. The resolution provided will make the Alluvium non relevant in Milam County. The resolution also includes the Woodbine Aquifer in the Southern Trinity GCD.

Glen Thurman, Southern Trinity GCD reported that the hydrologist hired by his District issued a report that the Woodbine Aquifer does not exist within his district. It would be required for his district to drill wells to monitor the conditions of the aquifer. He asks that that the resolution be approved to make the Woodbine Aquifer non relevant in the Southern Trinity GCD.
Mr. Daniel asked Mr. Hutchison to provide further explanation on the relevance of the aquifers and the effect on any other districts. Mr. Hutchison explained that the desired future conditions adopted previously included these aquifers. By this action, the MAG reports would be amended to remove the non-relevant aquifers from the districts. For the Brazos River Alluvium, it would still exist, just not in Milam County. Mr. Daniel clarified that these actions would be specific to each district and would not affect the others.

The resolution would rescind the desired future conditions previously adopted by GMA 8 for the Woodbine Aquifer in the Southern Trinity GCD and the Brazos River Alluvium in Milam County and would make them non-relevant for joint planning purposes.

Gary Westbrook, Post Oak Savannah GCD motioned to approve the resolution, second by Fiona Allen, Northern Trinity GCD. The vote to make the Woodbine Aquifer in the Southern Trinity GCD non-relevant was 10 ayes, 0 nays. The vote to make the Brazos Alluvium non-relevant in Milam County was 10 ayes, 0 nays. The motion carried unanimously 10-0.

9. Discussion and possible action on making the Woodbine Aquifer in the Southern Trinity GCD non-relevant.

Discussion and action on this item took place under Item 8.

10. Discussion and possible action regarding funding and a budget for GMA 8.

Mr. Daniel indicated at the last meeting that he would provide a draft budget for consideration. He does not expect action, but would like discussion. The 2011 proposed budget includes administrative costs, legal assistance, and is broken down by all twelve districts for approximately $350 for each District for the year. The 2012 estimated budget is similar and is approximately $750 for each District. Ms. Allen requested more information on costs being incurred to provide administrative services so that the District providing the services is adequately compensated. Mr. Daniel agreed to provide this information at the next meeting. Mr. Cooper thanked Mr. Daniel for putting the budget together. He suggested that the GMA 8, as a joint planning group may prefer to include working together to secure hydrology services. Mr. Cooper stated that hydrology services will be the most difficult amount to determine and that the Committee should consider adding some costs to the budget. Mr. Grimes concurred that hydrology services will be very important and participating with the TWDB to develop the model of the Trinity Aquifer will be necessary. Mr. Daniel expressed that due to budget cuts, the State will most likely need assistance from groundwater districts and GMAs to provide funding and hydrological studies. Mr. Bowers agreed with Mr. Grimes and stated that he believed consulting and hydrology services would be a separate budget amendment and not included in the initial budget for 2012. Mr. Daniel stated that the North Texas GCD is only trying to recover some costs for administration services being provided to GMA 8. Mr. Westbrook expressed concern that the budget seemed too conservative. Mr. Grimes asked if the Committee would like action to approve the 2011 budget and review the 2012 budget. Mr. Daniel responded that he did not anticipate action on the 2011 budget at this time and he expected to have at least one more meeting in 2011, which could be used to approve the 2011 and 2012 budgets. Ms. Allen requested more time to review the budget and take it to her Board for review. Mr. Bowers agreed that he would like to take the proposed budget to his Board before taking any action.

Joshua Grimes, Prairielands GCD motioned to approve the 2011 budget. The motion was seconded by Mike Massey, Upper Trinity GCD. Richard Bowers, Central Texas GCD motioned to table the item
until the next meeting. The motion was seconded by Fiona Allen, Northern Trinity GCD. The motion passed unanimously to table the item until the next month 10-0.

Mr. Westbrook requested Ms. Catterson send email and request feedback from the Committee to amend the budget if needed. Ms. Catterson agreed to send the budget electronically for review.

11. Discussion regarding officers for GMA 8

Mr. Daniel explained that this is a Committee and the North Texas GCD has taken over the role of administering the Committee. Mr. Daniel recommended electing a chair and a vice chair to prepare agendas and correspondence. Mr. Bowers explained that when he began the same process in the Panhandle, the first step to operate the Committee was to elect a chair and co-chair. Mr. Bowers recommended restructuring the Committee to include officers. Mr. Daniel suggested creating bylaws for the Committee to develop procedures.

Fiona Allen, Northern Trinity GCD nominated Eddy Daniel, North Texas GCD as chair. Richard Bowers, Central Texas GCD seconded the motion. Gary Westbrook, Post Oak Savannah GCD motioned to cease nominations, seconded by Mike Massey, Upper Trinity GCD. The motion to nominate Eddy Daniel, North Texas GCD as chair passed unanimously 10-0. Gary Westbrook, Post Oak Savannah GCD motioned to nominate Joe Cooper, Middle Trinity GCD as Vice Chair, seconded by Mike Massey, Upper Trinity GCD. Gary Westbrook, Post Oak Savannah GCD motioned to cease nominations, seconded by Mike Massey, Upper Trinity GCD. The motion to nominate Joe Cooper, Middle Trinity GCD as Vice Chair passed unanimously 10-0.

12. Discuss agenda items for next meeting.

The Committee discussed and agreed to include on the next agenda the Minutes, the budget for 2011 and 2012, bylaws, an update on legislation and possibly the Trinity Aquifer.

Dr. Hutchison took a moment to review the legislation. SB 660 and SB 737 have impact on GMAs. The posting of notices is a big issue, since it will impact the budget for administrative costs by lowering the guidelines for posting agendas Mr. Chapman explained that fourteen issues were explored by the groundwater committee he served on and all of them passed through the legislature. Mr. Westbrook explained that the administration will only have to post with the Secretary of State and at the administrative office and will not nullify the meeting if districts do not post correctly. DFCs requirements will be more stringent. All paperwork will need to be submitted to the TWDB on the Nacatoch before September 1st to make sure to avoid the new guidelines.

The Committee requested that a legislative update be considered routine at all meetings and maybe have one meeting right after the first when DFCs are being modified.

13. Set date, time, and place of next meeting.

The Committee agreed to host the next meeting on Wednesday, August 3rd at 10:00 AM at the Cleburne Conference Center.

14. Closing comments.
Mr. Daniel thanked the Committee for attending the meeting. Cooper thanked Daniel for helping with admin support.

15. Adjourn.

Judy Parker, Clearwater UWC motioned to adjourn the meeting, seconded by Mike Massey, Upper Trinity GCD. The motion carried unanimously, 10-0 and the meeting adjourned at 11:06 a.m.

The GMA 8 Committee unanimously approved the minutes on this 3rd day of August, 2011.

RE: Desired Future Conditions Submittal for Groundwater Management Area 8

Dear Ms. Callahan:

The North Texas Groundwater Conservation District is the administrator for the Groundwater Management Area 8 (GMA 8). On behalf of GMA 8, we are submitting revised desired future conditions (DFC) for two of the minor aquifers within our boundary. The aquifers for which revised DFCs have recently been adopted are as follows: Woodbine Aquifer in the Southern Trinity Groundwater Conservation District and Brazos River Alluvium in Milam County.

Our submittal includes the following information:

1) A signed resolution adopting the desired future conditions and recording the member votes.
2) Copies of agendas announcing the meeting at which the DFCs were adopted from each of the groundwater conservation districts in GMA 8.
3) Approved minutes from the meeting at which the DFCs were adopted.

Please feel free to contact me if you have any questions or need additional information.

Sincerely,

Eddy Daniel
President, North Texas Groundwater Conservation District
GMA 8 Chairman

SIGNED RESOLUTION ADOPTED THE DESIRED FUTURE CONDITIONS
RESOLUTION TO RESCIND ADOPTED DESIRED FUTURE CONDITIONS

FOR CERTAIN AQUIFER(S) IN GROUNDWATER MANAGEMENT AREA 8 (GMA8)

THE STATE OF TEXAS §

GROUNDWATER MANAGEMENT AREA 8 §

GROUNDWATER CONSERVATION DISTRICTS §

WHEREAS, Texas Water Code, § 36.108, requires the groundwater conservation districts located in whole or in part in a groundwater management area ("GMA"), designated by the Texas Water Development Board, to adopt desired future conditions for the relevant aquifers located within the management area;

WHEREAS, the groundwater conservation districts located wholly or partially within Groundwater Management Area 8 ("GMA 8"), as designated by the Texas Water Development Board, as of the date of this resolution are as follows: Central Texas Groundwater Conservation District, Clearwater Underground Water Conservation District, Fox Crossing Water District, Middle Trinity Groundwater Conservation District, North Texas Groundwater Conservation District, Northern Trinity Groundwater Conservation District, Post Oak Savannah Groundwater Conservation District, Prairielands Groundwater Conservation District, Red River Groundwater Conservation District, Saratoga Underground Water Conservation District, Southern Trinity Groundwater Conservation District, and Upper Trinity Groundwater Conservation District (collectively hereinafter "the GMA 8 Districts");

WHEREAS, the GMA 8 Districts are each governmental agencies and bodies politic and corporate, operating under Chapter 36, Water Code;

WHEREAS, the GMA 8 Districts desire to fulfill the requirements of Texas Water Code, § 36.108, through mutual cooperation and joint planning efforts;

WHEREAS, the GMA 8 Districts have had numerous public meetings, at which they have engaged in joint planning efforts to promote more comprehensive management of the aquifers located in whole or in part in Groundwater Management Area 8;

WHEREAS, at certain meetings, after proper notice and posting, the GMA 8 Districts have previously established desired future conditions for the Woodbine Aquifer in the Southern Trinity Groundwater Conservation District and Brazos River Alluvium in Milam County;

WHEREAS, the GMA 8 Districts recognize that GMA 8 includes a geographically and hydrologically diverse area with a variety of land uses and a diverse mix of water users;

WHEREAS, the Southern Trinity Groundwater Conservation District (STGCD), after ongoing studies of the groundwater resources of the STGCD, as well as the desired management practices and strategies of the STGCD, as outlined in the Rules and Management Plan of the STGCD, has adopted a Resolution dated June 23, 2011, to declare the Woodbine Aquifer in the Southern Trinity Groundwater Conservation District to be non-relevant for joint planning purposes;

WHEREAS, the Post Oak Savannah Groundwater Conservation District (POSGCD), after ongoing studies of the groundwater resources of the POSGCD, as well as the desired management practices and strategies of
the POSGCD, as outlined in the Rules and Management Plan of the POSGCD, has adopted a Resolution dated May 10, 2011 to declare the portion or segment of the Brazos River Alluvium formation that is within Milam County and contained within GMA 8 to be non-relevant for joint planning purposes;

WHEREAS, the GMA 8 Districts, after discussion and deliberation of these two resolutions at a duly noticed, posted and held public meeting on June 23, 2011, do agree to concur with the requests from the Southern Trinity Groundwater Conservation District and the Post Oak Savannah Groundwater Conservation District; and

WHEREAS, at said June 23, 2011, meeting, after a motion was duly made and seconded that the desired future conditions previously adopted by the GMA 8 Districts for the Woodbine Aquifer in the Southern Trinity Groundwater Conservation District and the portion or segment of the Brazos River Alluvium that is within both Milam County and GMA 8 be hereby rescinded and the motion prevailed by the following vote:

Woodbine  /Ó Ayes,  Ó Nays;

Brazos Alluvium  /Ó Ayes,  Ó Nays;

NOW, THEREFORE, BE IT RESOLVED BY THE AUTHORIZED VOTING REPRESENTATIVES OF THE GMA 8 DISTRICTS AS FOLLOWS:

The desired future conditions previously adopted by the GMA 8 Districts for the Woodbine Aquifer in the Southern Trinity Groundwater Conservation District and the portion or segment of the Brazos River Alluvium that is within Milam County and GMA 8 are hereby rescinded, and the Woodbine Aquifer in the Southern Trinity Groundwater Conservation District and the portion or segment of the Brazos River Alluvium formation that is within Milam County and contained within GMA 8 are hereby declared to be non-relevant for joint planning purposes.

BE IT FURTHER RESOLVED BY THE AUTHORIZED VOTING REPRESENTATIVES OF THE GMA 8 DISTRICTS AS FOLLOWS:

1. The above recitals are true and correct.

2. The GMA 8 Districts and their agents and representatives, individually and collectively, are further authorized to take any and all actions necessary to implement this resolution.

3. The desired future conditions of the aquifer(s) adopted by the GMA 8 Districts and shall be effective immediately and shall continue in effect until amended, superseded, or repealed.
AND IT IS SO ORDERED.

PASSED AND ADOPTED on this 23rd day of June, 2011.

COPIES OF AGENDAS
NOTICE OF MEETING
GROUNDWATER MANAGEMENT AREA 8

Notice is hereby given that the groundwater conservation districts located wholly or partially within Groundwater Management Area (GMA) 8, as designated by the Texas Water Development Board (TWDB), consisting of the Central Texas Groundwater Conservation District, Clearwater Underground Water Conservation District, Fox Crossing Water District, Middle Trinity Groundwater Conservation District, North Texas Groundwater Conservation District, Northern Trinity Groundwater Conservation District, Post Oak Savannah Groundwater Conservation District, Prairielands Groundwater Conservation District, Red River Groundwater Conservation District, Saratoga Underground Water Conservation District, Southern Trinity Groundwater Conservation District, and Upper Trinity Groundwater Conservation District will hold a Joint Planning meeting at 10:00 A.M. on Thursday, June 23, 2011, at the Cleburne Conference Center located at 1501 W. Henderson St., Cleburne, TX 76033. The meeting will be open to the public. The following items of business will be discussed:

1. Invocation.
2. Call meeting to order and establish quorum.
3. Welcome and introductions.
4. Public comment.
5. Approve minutes of April 27, 2011 GMA 8 meeting.
6. Discussion and possible action to revise the desired future conditions for the Nacatoch Aquifer.
7. Discussion and possible action to revise the desired future conditions for the Trinity Aquifer.
8. Discussion and possible action on making the Brazos River Alluvium in Milam County non relevant.
9. Discussion and possible action on making the Woodbine Aquifer in the Southern Trinity Groundwater Conservation District non relevant.
10. Discussion and possible action regarding funding and a budget for GMA 8.
11. Discussion regarding officers for GMA 8
12. Discuss agenda items for next meeting.
13. Set date, time, and place of next meeting.
14. Closing comments.
15. Adjourn.

Dated this 13th day of June, 2011

Eddy Daniel, President
North Texas GCD

The above agenda schedules represent an estimate of the order for the indicated items and is subject to change at any time. These public meetings are available to all persons regardless of disability. If you require special assistance to attend the meeting, please call (855) 426-4433 at least 24 hours in advance of the meeting to coordinate any special physical access arrangements.

At any time during the meeting or work session and in compliance with the Texas Open Meetings Act, Chapter 551, Government Code, Vernon’s Texas Codes, Annotated, the North Texas Groundwater Conservation District Board may meet in executive session on any of the above agenda items or other lawful items for consultation concerning attorney-client matters ($551.071); deliberation regarding real property ($551.072); deliberation regarding prospective gifts ($551.073); personnel matters ($551.074); and deliberation regarding security devices ($551.076). Any subject discussed in executive session may be subject to action during an open meeting.
This is to certify that I, Carmen Catterson, posted this agenda on the outdoor bulletin board of the Administrative Offices of the District at 5100 Airport Drive, Denison, Texas 75020, and also provided this agenda to the County Clerks in Collin, Cooke, and Denton Counties with a request that it be posted, at or before 4:00 p.m. on June 13, 2011.

7. Discussion and possible action to revise the desired future conditions for the Trinity Aquifer.
8. Discussion and possible action on making the Brazos River Alluvium in Milam County non-relevant.
9. Discussion and possible action on making the Woodbine Aquifer in the Southern Trinity Groundwater Conservation District non-relevant.
10. Discussion and possible action regarding funding and a budget for GMA 8.
11. Discussion regarding officers for GMA 8.
12. Discuss agenda items for next meeting.
13. Set date, time, and place of next meeting.
14. Closing comments.
15. Adjourn.

Joe B. Cooper
General Manager
Middle Trinity GCD

The above agenda schedule represents an estimate of the order for the indicated items and is subject to change at any time. These public meetings are available to all persons regardless of disability. If you require special assistance to attend the meeting, please call (833) 426-4433 at least 24 hours in advance of the meeting to coordinate any special physical access arrangements.

At any time during the meeting or work session and in compliance with the Texas Open Meetings Act, Chapter 551, Government Code, Vernon's Texas Coders, Annotated, the North Texas Groundwater Conservation District Board may meet in executive session on any of the above agenda items or other lawful items for consultation concerning attorney-client matters (§551.071); deliberation regarding real property (§551.072); deliberation regarding prospective gifts (§551.075); personnel matters (§551.074); and deliberation regarding security devices (§551.076). Any subject of discussion in executive session may be subject to action during an open meeting.
NOTICE OF MEETING- GROUNDWATER MANAGEMENT AREA 8
June 23, 2011 – 10:00 a.m.
Cleburne Conference Center
1501 W Henderson St.
Cleburne, TX 76033

AGENDA

Notice is hereby given that the groundwater conservation districts located wholly or partially within Groundwater Management Area (GMA) 8, as designated by the Texas Water Development Board (TWDB), consisting of the Central Texas Groundwater Conservation District, Clearwater Underground Water Conservation District, Fox Crossing Water District, Middle Trinity Groundwater Conservation District, North Texas Groundwater Conservation District, Northern Trinity Groundwater Conservation District, Post Oak Savannah Groundwater Conservation District, Prairielands Groundwater Conservation District, Red River Groundwater Conservation District, Saratoga Underground Water Conservation District, Southern Trinity Groundwater Conservation District, and Upper Trinity Groundwater Conservation District will hold a Joint Planning meeting at 10:00 A.M. on Thursday, June 23, 2011, at Cleburne Conference Center located at 1501 W Henderson St., Cleburne, TX 76033. The meeting will be open to the public. The following items of business will be discussed:

1. Invocation.
2. Call meeting to order and establish quorum.
3. Welcome and introductions.
4. Public comment.
5. Approve minutes of April 27, 2011 GMA 8 meeting.
6. Discussion and possible action to revise the desired future conditions for the Nacatoch Aquifer.
7. Discussion and possible action to revise the desired future conditions for the Trinity Aquifer.
8. Discussion and possible action on making the Brazos River Alluvium in Milam County non relevant.
9. Discussion and possible action on making the Woodbine Aquifer in the Southern Trinity Groundwater Conservation District non relevant.
10. Discussion and possible action regarding funding and a budget for GMA 8.
11. Discuss agenda items for next meeting.
12. Set date, time, and place of next meeting.
13. Closing comments.

Dated this 8th day of June, 2011

By: ____________
Gary Westbrook, General Manager, POSGCD

The Post Oak Savannah Groundwater Conservation District is committed to compliance with the Americans with Disabilities Act. Reasonable accommodations and equal opportunity for effective communications will be provided upon request. Please contact the District office at 512-455-9900 at least 24 hours in advance if accommodation is needed. During the meeting, the Committee reserves the right to go into executive session for any of the purposes authorized under V.T.C.A., Government Code, Chapter 551, for any item on the above agenda or as otherwise authorized by law.

ATTACHMENT 3

APPROVED MINUTES
Meeting of the
Groundwater Management Area 8
June 23, 2011 in Cleburne, TX

Minutes

The Groundwater Management Area 8 consisting of the Central Texas Groundwater Conservation District, Clearwater Underground Water Conservation District, Fox Crossing Water District, Middle Trinity Groundwater Conservation District, North Texas Groundwater Conservation District, Northern Trinity Groundwater Conservation District, Post Oak Savannah Groundwater Conservation District, Prairielands Groundwater Conservation District, Red River Groundwater Conservation District, Saratoga Underground Water Conservation District, Southern Trinity Groundwater Conservation District, and Upper Trinity Groundwater Conservation District (GCD) held a Joint Planning meeting at 10:00 A.M. on Thursday, June 23, 2011, in the Cleburne Conference Center in Cleburne, Texas.

Groundwater District Representatives Present:
Central Texas GCD: Richard Bowers
Clearwater UWCD: Judy Parker
Fox Crossing WD: None
Middle Trinity GCD: Joe Cooper
North Texas GCD: Eddy Daniel
Northern Trinity GCD: Fiona Allen
Post Oak Savannah GCD: Gary Westbrook
Prairielands GCD: Joshua Grimes
Red River GCD: George Olson
Saratoga UWCD: None
Southern Trinity GCD: Glen Thurman
Upper Trinity GCD: Mike Massey

1. Invocation

Eddy Daniel, North Texas GCD, presided over the meeting. Gary Westbrook, Post Oak Savannah GCD, gave the invocation.

2. Call meeting to order and establish quorum.

The Groundwater Management Area 8 (GMA 8) meeting was called to order at 10:02 AM at the Cleburne Conference Center in Cleburne, TX. Mr. Daniel welcomed the new members, took roll and established that a quorum was present. Ten Districts were present at the time of roll call, with Fox Crossing GCD and Saratoga GCD absent.

3. Welcome and introductions.

Mr. Daniel asked members of the Committee to introduce themselves.

4. Public Comments.

Mr. Charles Sides, citizen near Sand Flat explained that he moved out of the city and into the country to escape government control and high taxes. However, he is now experiencing high taxes from the County and will not be able to drill a well due to control from the groundwater conservation district. He currently uses cooperative water, which includes a $31 base fee. Mr. Sides explained that he would like to drill a well, but cannot afford to due to the control of the groundwater district. Mr. Sides expressed that he should be able to improve his property without incurring additional fees from government entities.
5. **Approve minutes of April 27, 2011 GMA 8 meeting.**

Mike Massey, Upper Trinity GCD provided two corrections on page 2 of the minutes.

Richard Bowers, Central Texas GCD, moved to approve the minutes of the April 27, 2011 GMA 8 meeting, seconded by Mike Massey, Upper Trinity GCD. The motion carried unanimously, 10-0.

6. **Discussion and possible action to revise the desired future conditions for the Nacatoch Aquifer.**

Mr. Daniel explained this item has been on several agendas. In April, the Committee did not have a resolution available to revise the desired future conditions for the Nacatoch Aquifer. Scenario 4 was discussed for approval. A resolution was provided to revise the desired future conditions based on Scenario 4. Mr. Massey questioned whether the resolution expressed Scenario 4. Mr. Daniel reviewed the resolution and verified that the resolution would need to be revised to reflect the drawdown Scenario 4 in Appendix “A”. Change each section in the resolution to reflect Scenario 4 of Appendix “A”. The Nacatoch Aquifer is not covered by any groundwater conservation district, but is located within GMA 8. The Committee wanted to address the issue to provide for citizens utilizing the water from the Nacatoch Aquifer. Dr. Bill Hutchison, Director of Groundwater Resources for the Texas Water Development Board (TWDB) explained that this resolution would make the Managed Available Groundwater (MAG) numbers consistent with the State Water Plan.

Joshua Grimes, Prairielands GCD, moved to approve the Resolution to revise the desired future conditions for the Nacatoch Aquifer, subject to the language being changed to reflect Scenario 4 of Appendix “A”, seconded by Gary Westbrook, Post Oak Savannah GCD. The motion carried unanimously, 10-0.

7. **Discussion and possible action to revise the desired future condition for the Trinity Aquifer.**

Richard Bowers, Central Texas GCD reported that his District, Middle Trinity GCD, and Clearwater UWCD have not reached an agreement at this time. Therefore, the Central Texas GCD will use the current DFC for the Trinity Aquifer in the District and issue permits as needed to meet the DFC until a model is developed that more accurately describes actual conditions of the Trinity aquifer in Burnet County. This item was tabled until a later date.

8. **Discussion and possible action on making the Brazos River Alluvium in Milam County non relevant.**

Agenda items 8 and 9 were combined. A resolution was provided to the Committee for review. Mr. Westbrook reported that the Brazos River Alluvium in Milam County is not utilized and no permits are issued. To drill monitoring wells in the Alluvium to measure water levels would cost the Post Oak Savannah GCD money that cannot be recovered since no permits for water use are issued for that area. The resolution provided will make the Alluvium non relevant in Milam County. The resolution also includes the Woodbine Aquifer in the Southern Trinity GCD.

Glen Thurman, Southern Trinity GCD reported that the hydrologist hired by his District issued a report that the Woodbine Aquifer does not exist within his district. It would be required for his district to drill wells to monitor the conditions of the aquifer. He asks that that the resolution be approved to make the Woodbine Aquifer non relevant in the Southern Trinity GCD.
Mr. Daniel asked Mr. Hutchison to provide further explanation on the relevance of the aquifers and the effect on any other districts. Mr. Hutchison explained that the desired future conditions adopted previously included these aquifers. By this action, the MAG reports would be amended to remove the non-relevant aquifers from the districts. For the Brazos River Alluvium, it would still exist, just not in Milam County. Mr. Daniel clarified that these actions would be specific to each district and would not affect the others.

The resolution would rescind the desired future conditions previously adopted by GMA 8 for the Woodbine Aquifer in the Southern Trinity GCD and the Brazos River Alluvium in Milam County and would make them non-relevant for joint planning purposes.

Gary Westbrook, Post Oak Savannah GCD motioned to approve the resolution, second by Fiona Allen, Northern Trinity GCD. The vote to make the Woodbine Aquifer in the Southern Trinity GCD non-relevant was 10 ayes, 0 nays. The vote to make the Brazos Alluvium non-relevant in Milam County was 10 ayes, 0 nays. The motion carried unanimously 10-0.

9. Discussion and possible action on making the Woodbine Aquifer in the Southern Trinity GCD non-relevant.

Discussion and action on this item took place under Item 8.

10. Discussion and possible action regarding funding and a budget for GMA 8.

Mr. Daniel indicated at the last meeting that he would provide a draft budget for consideration. He does not expect action, but would like discussion. The 2011 proposed budget includes administrative costs, legal assistance, and is broken down by all twelve districts for approximately $350 for each District for the year. The 2012 estimated budget is similar and is approximately $750 for each District. Ms. Allen requested more information on costs being incurred to provide administrative services so that the District providing the services is adequately compensated. Mr. Daniel agreed to provide this information at the next meeting. Mr. Cooper thanked Mr. Daniel for putting the budget together. He suggested that the GMA 8, as a joint planning group may prefer to include working together to secure hydrology services. Mr. Cooper stated that hydrology services will be the most difficult amount to determine and that the Committee should consider adding some costs to the budget. Mr. Grimes concurred that hydrology services will be very important and participating with the TWDB to develop the model of the Trinity Aquifer will be necessary. Mr. Daniel expressed that due to budget cuts, the State will most likely need assistance from groundwater districts and GMAs to provide funding and hydrological studies. Mr. Bowers agreed with Mr. Grimes and stated that he believed consulting and hydrology services would be a separate budget amendment and not included in the initial budget for 2012. Mr. Daniel stated that the North Texas GCD is only trying to recover some costs for administration services being provided to GMA 8. Mr. Westbrook expressed concern that the budget seemed too conservative. Mr. Grimes asked if the Committee would like action to approve the 2011 budget and review the 2012 budget. Mr. Daniel responded that he did not anticipate action on the 2011 budget at this time and he expected to have at least one more meeting in 2011, which could be used to approve the 2011 and 2012 budgets. Ms. Allen requested more time to review the budget and take it to her Board for review. Mr. Bowers agreed that he would like to take the proposed budget to his Board before taking any action.

Joshua Grimes, Prairielands GCD motioned to approve the 2011 budget. The motion was seconded by Mike Massey, Upper Trinity GCD. Richard Bowers, Central Texas GCD motioned to table the item
until the next meeting. The motion was seconded by Fiona Allen, Northern Trinity GCD. The motion passed unanimously to table the item until the next month 10-0.

Mr. Westbrook requested Ms. Catterson send email and request feedback from the Committee to amend the budget if needed. Ms. Catterson agreed to send the budget electronically for review.

11. Discussion regarding officers for GMA 8

Mr. Daniel explained that this is a Committee and the North Texas GCD has taken over the role of administering the Committee. Mr. Daniel recommended electing a chair and a vice chair to prepare agendas and correspondence. Mr. Bowers explained that when he began the same process in the Panhandle, the first step to operate the Committee was to elect a chair and co-chair. Mr. Bowers recommended restructuring the Committee to include officers. Mr. Daniel suggested creating bylaws for the Committee to develop procedures.

Fiona Allen, Northern Trinity GCD nominated Eddy Daniel, North Texas GCD as chair. Richard Bowers, Central Texas GCD seconded the motion. Gary Westbrook, Post Oak Savannah GCD motioned to cease nominations, seconded by Mike Massey, Upper Trinity GCD. The motion to nominate Eddy Daniel, North Texas GCD as chair passed unanimously 10-0. Gary Westbrook, Post Oak Savannah GCD motioned to nominate Joe Cooper, Middle Trinity GCD as Vice Chair, seconded by Mike Massey, Upper Trinity GCD. Gary Westbrook, Post Oak Savannah GCD motioned to cease nominations, seconded by Mike Massey, Upper Trinity GCD. The motion to nominate Joe Cooper, Middle Trinity GCD as Vice Chair passed unanimously 10-0.

12. Discuss agenda items for next meeting.

The Committee discussed and agreed to include on the next agenda the Minutes, the budget for 2011 and 2012, bylaws, an update on legislation and possibly the Trinity Aquifer.

Dr. Hutchison took a moment to review the legislation. SB 660 and SB 737 have impact on GMAs. The posting of notices is a big issue, since it will impact the budget for administrative costs by lowering the guidelines for posting agendas Mr. Chapman explained that fourteen issues were explored by the groundwater committee he served on and all of them passed through the legislature. Mr. Westbrook explained that the administration will only have to post with the Secretary of State and at the administrative office and will not nullify the meeting if districts do not post correctly. DFCs requirements will be more stringent. All paperwork will need to be submitted to the TWDB on the Nacatoch before September 1st to make sure to avoid the new guidelines.

The Committee requested that a legislative update be considered routine at all meetings and maybe have one meeting right after the first when DFCs are being modified.

13. Set date, time, and place of next meeting.

The Committee agreed to host the next meeting on Wednesday, August 3rd at 10:00 AM at the Cleburne Conference Center.

14. Closing comments.
Mr. Daniel thanked the Committee for attending the meeting. Cooper thanked Daniel for helping with admin support.

15. Adjourn.

Judy Parker, Clearwater UWC motioned to adjourn the meeting, seconded by Mike Massey, Upper Trinity GCD. The motion carried unanimously, 10-0 and the meeting adjourned at 11:06 a.m.

The GMA 8 Committee unanimously approved the minutes on this 3rd day of August, 2011.
