

**EXPLANATION**

○ 230e  
56  
Well used for control  
Top number indicates altitude, in feet, above or (-) below sea level; e indicates altitude is estimated; bottom number indicates depth to top, in feet below land surface

× 253  
Supplementary control point

— 300 —  
Contour showing approximate altitude of the top of the Spiller Sand Member of Stenzel (1940), in feet, above or (-) below sea level  
Contour interval 100 feet  
Datum is mean sea level

▲▲▲▲▲  
Limit of fresh to slightly saline water

▭ Tcs ▭  
Outcrop of Spiller Sand Member of Stenzel (1940)

.....  
Contact, dotted where concealed

Figure 9  
Approximate Altitude and Depth to the Top of the Spiller Sand Member (of Stenzel, 1940) of the Cook Mountain Formation  
U. S. Geological Survey in cooperation with the Texas Water Development Board

0 1 2 3 4 5 Miles

Base compiled from topographic maps of the U.S. Geological Survey and county highway maps of the Texas Highway Department
