**Re: Objection by Region D Water Planning Group to the inclusion of Marvin Nichols Reservoir in Round 4**

Dear Mr. Patteson:

On July 14, 2015, the Region D Water Planning Group authorized me to notify the Texas Water Development Board (TWDB) that Region D has concluded that the proposed Marvin Nichols Reservoir as described in the Region C IPP for Round 4 will have an unacceptable degree of impact on Region D's water planning area and appears to conflict with the Region D Round 4 IPP. Region D's objection is primarily based on information that indicates its inclusion is not protective of the natural and agricultural resources of Region D.

Region D continues to assert that the available information demonstrates that Region C can meet all of its projected needs for the next 50 years without resorting to constructing a new impoundment in the Sulphur River Basin.

Region D encourages the TWDB to aggressively pursue steps that will provide a more thorough vetting of this topic between Region C and D. Region D is prepared to meet and discuss this topic whenever afforded the opportunity by the TWDB.

Please feel free to contact me with any questions you may have. I look forward to working with you.

Sincerely,

Linda Price, Chair of Region D
