Notes:

- (1) Conservation is scored as either Municipal (11-A) or Wholesale (11-C).
- (2) A "Wholesale" result under the Water Loss Threshold criteria indicates that the applicant is a wholesale water provider, and therefore the requirement to conduct water loss audits is not applicable.
- (3) Tie scores are priority ranked according to the conservation and [then if necessary] emergency criteria, where applicable per TAC 363.1304(13).
