

Application Period Open for Texas Water Development Fund (DFund)

Applications due September 30

The Texas Water Development Board (TWDB) has opened the application period for the 2026 funding cycle of the Texas Water Development Fund (DFund) program. Applications will be accepted through Wednesday, September 30.

The [DFund program](#) is a state-funded loan program through which the Board may fund multiple eligible components within a single loan—so applications may request funding for both water and wastewater components under one consolidated loan.

The first step in the process is to schedule a pre-application meeting with your [Regional Project Implementation Team](#) to discuss project eligibility. Interested entities should contact Diana Sanchez at 512-475-1554 or diana.sanchez@twdb.texas.gov to schedule their pre-application meeting. Applications must be submitted using the TWDB [online application system](#) by **5:00 p.m. CST on Wednesday, September 30**.

For more information on the DFund program and how to apply, please visit the [TWDB website](#).
