ELLIS COUNTY
WITH
WATER WELL NUMBERING GRID

Explanation of Water Well Numbering System

LOCATION OF GRID CELL

79 - 1 degree quadrangle
39 - 7 1/2 minute quadrangle
6 - 1 minute quadrangle

WELL-NUMBERING SYSTEM

To facilitate the location of wells and assist duplication of well numbers, a coordinate grid is used. The 63,360 acre quadrangle is divided into 1 degree quadrangles. Each 1 degree quadrangle is divided into four 7 1/2 minute quadrangles, each of which is divided into 2 1/2 minute quadrangles. Each 1 degree quadrangle is labeled with the following number: the first two digits identify the 1 degree quadrangle, the third and fourth digits, the 7 1/2 minute quadrangle, and the fifth digit identifies the 2 1/2 minute quadrangle.
