WATER WELL NUMBERING GRID

Explanation of Water Well Numbering System

LOCATION OF GRID CELL
19 - 1-degree quadrangle
28 - 7 1/2-minute quadrangle
5 - 2 1/2-minute quadrangle

WELL-NUMBERING SYSTEM

To facilitate the location of well and borehole sites, a well numbering system has been developed. Each 1-degree quadrangle is divided into 1/2-degree quadrangles by degrees of longitude and latitude. Each 1/2-degree quadrangle is further divided into 1-minute quadrangles. Each 1-minute quadrangle is divided into 1/2-minute quadrangles. The first 2 digits of a well number identify the 1-degree quadrangle. The last two digits identify the particular 1/2-minute quadrangle within the 1-degree quadrangle.
