WATER WELL NUMBERING GRID

Explanation of Water Well Numbering System

LOCATION OF GRID CELL
1° = 1 degree quadrangle
2° = 2° minute quadrangles
5° = 5° minute quadrangles
7° = 7° minute quadrangles

WELL-NUMBERING SYSTEM

To determine water well number for each well, follow explanation on next page. (water wells coordinate to grid center is determined by 60 second quadrangle). The first two digits represent the 1° quadrangle. The first three digits represent the 2° 30' minute quadrangle. The first four digits are the 5° 30' minute quadrangle. The last digit is the number of water well within that 5° 30' minute quadrangle. The water well numbering system is designed to include the 1° 30' minute quadrangle that represents the 1° 30' minimum quadrangle.

1° 30' Minute Quadrangles
