**TERRELL COUNTY WITH WATER WELL NUMBERING GRID**

**Explanation of Water Well Numbering System**

LOCATION OF WIRE CELL
In degrees

WELL-MARKING SYSTEM
To facilitate the location of wells and natural features of the county, a complete and consistent system of markings is required. The marks are placed at the center of the well. A white square is placed at the center of the well. A black dot is placed at the center of the well. The 1-degree quadrangles are divided into 7 1/2-minute quadrangles. The 7 1/2-minute quadrangles are further divided into 2 1/2-minute quadrangles. The 1-degree quadrangles are numbered consecutively from left to right, beginning in the far left-hand corner of the 1-degree quadrangles. The 7 1/2-minute quadrangles are numbered consecutively from left to right, beginning in the far left-hand corner of the 7 1/2-minute quadrangles. The 2 1/2-minute quadrangles are numbered consecutively from left to right, beginning in the far left-hand corner of the 2 1/2-minute quadrangles.

*All mapped data (except grid) is from TIGER 2000 Census data.*
