Subject: RE: Proposed MARVIN Nichols Reservoir

Mr. Roberts,

I have been in the heavy/highway construction industry for almost 25 years now. 20 of those years were spent as an estimator, so I know about the costs of projects. Simply put, if mitigation for a project is almost 1/3 of your total budget, you're building in the wrong place.

Thank you for your time and consideration in this matter. Should you have any questions, or require additional information, please feel free to call me at the numbers listed below.
