Subject: Fastrill Project Dam - Public Comment

Mr. Roberts,

Please cancel plans for the diverting of water from our region to serve the other regions of the state.

The economic effects, for one of the poorest areas of the state to help a wealthy area, are not acceptable. Further the area that would benefit has not tapped into its own resources (ie Lake Palestine and Lake Fork) nor has it made any progress with conservation.

It is a travesty that this is even being considered after all of the citizens comments in 2005. Do we have to do this each year until you wear us out? This proposal by attrition is a trampling of our rights and a disrespect for our efforts.
