Re: Comments on State Water Plan – Region O Section

Dear Mr. Roberts:

I attended the Public Hearing on the State Water Plan for Region O that was held in Lubbock on Tuesday, September 12, 2006. I would like to make the following comment about the Water for Texas 2007 Report.

The report indicates on page 102 that the connecting infrastructure for Lake Alan Henry would be or should be implemented by 2050. The Addendum No. 1 in the Region O Plan indicates that the Lake Alan Henry project should be implemented by 2020 on page A1-55. I would ask that the Water for Texas 2007 Report be updated to reflect the information in the addendum. The 2020 date more accurately reflects the necessary implementation date.

Please let me know if you have any questions.

Sincerely,

Thomas L. Adams
Deputy City Manager/Water Utility Director
