

EXPLANATION

 Well or spring used for control
 Number indicates approximate altitude
 of the water table, in feet
 Number in parentheses, where shown, indicates
 saturated thickness in the Cretaceous rocks,
 in feet
 Most of the data were obtained from
 November 1969 to March 1970

 Line showing approximate altitude
 of the water table
 Interval 50 feet
 Datum is mean sea level

 Line showing approximate extent of the
 Cretaceous rocks

Base map from general highway map of the State Department of Highways and Public Transportation with land survey net added.
