

EXPLANATION

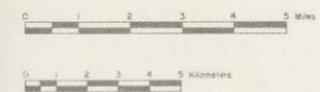

- △ Vegetative-kill areas
- Salt water disposal well
- ○ ○ ○ ○ Apparently contaminated water well or spring
- [Red shaded area]

Area of 1961 and 1967 reported brine production
(This production is separated by oil and gas fields and totaled in Table 9)

(1961) 102,638
638P, 101,000I, 1,000M

Total reported brine production, in barrels
Reported brine disposal, in barrels, into pits (P);
injected into wells (I);
and miscellaneous disposal (M)

— Approximate boundary between Brazos River and Colorado River drainage systems (Callahan Divide)

Base map from general highway map of the State Department of Highways and Public Transportation with land survey net added.
