

# ERRATA FOR REPORT 238

## GROUND-WATER AVAILABILITY IN TEXAS

(Published by the Texas Department of Water Resources, September 1979)

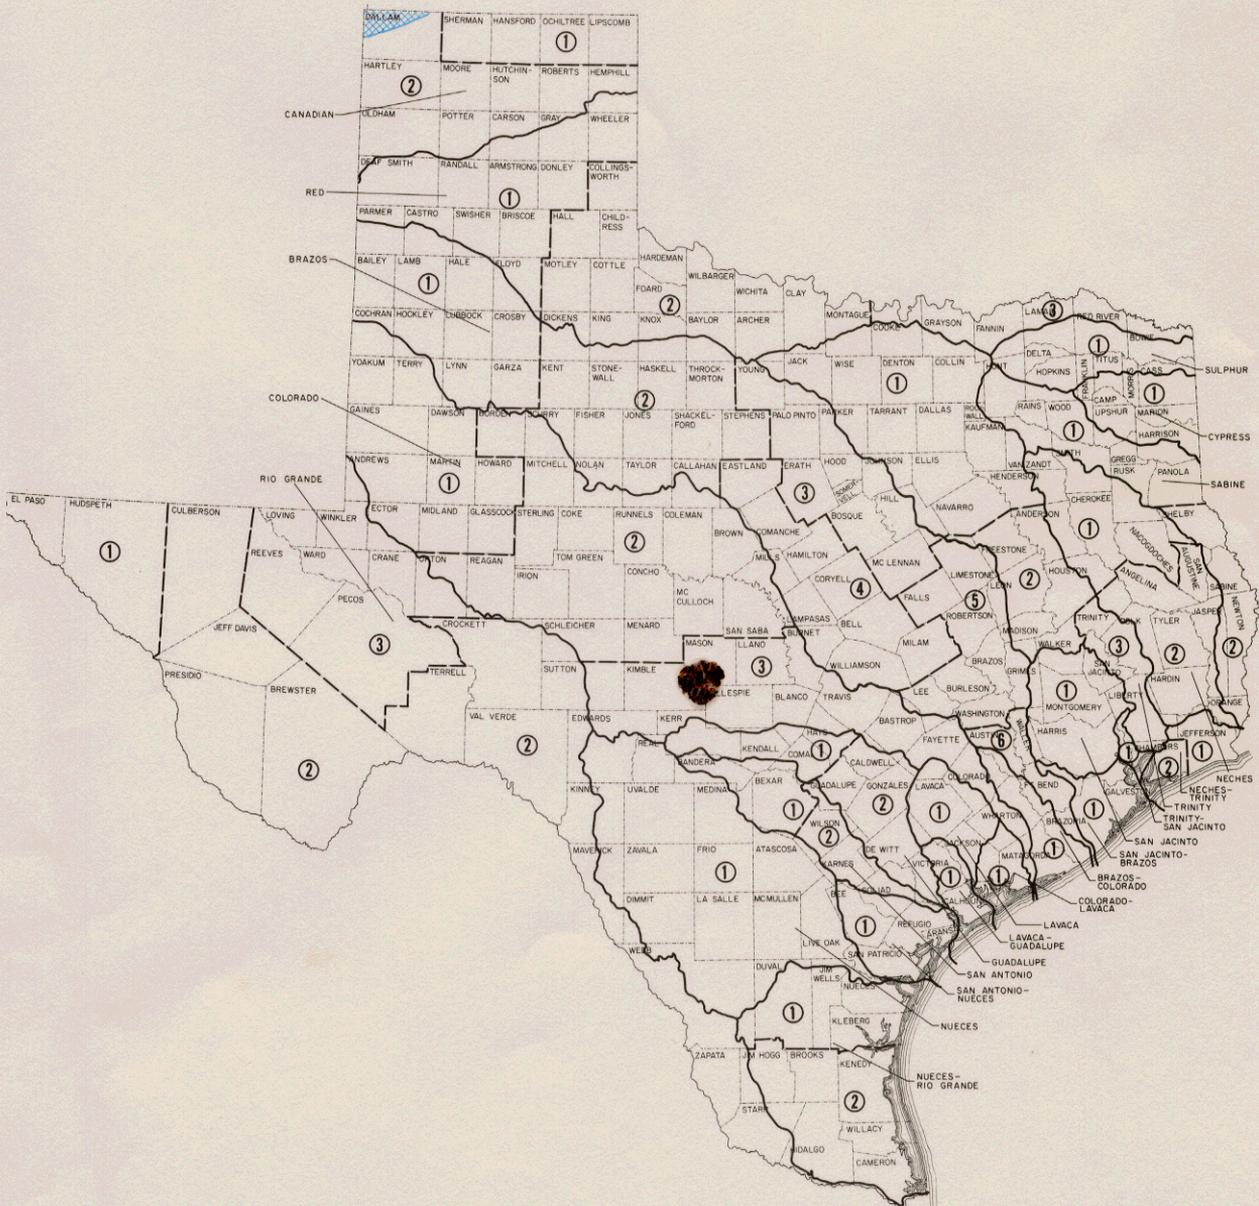

Page 13,

The second formula in the left hand column should read  $P = T/m$  instead of as shown.

Pages 15 and 51,

Figure 6 and Figure 12 should reflect the basin boundaries, zone boundaries and basin names shown on the map below. Note: The map below reflects a correction on the boundary between zones 1 and 2 of the Trinity River Basin.

The limits of the Purgatoire-Dakota Aquifer should appear on the Minor Aquifer map (Figure 12) as shown below.

Page 75,

In Appendix B, the thickness (in feet) of the Edwards (Balcones Fault Zone) aquifer should read 200-600 instead of as shown.
