

First Middle and Lower Brazos Study Design Workgroup Meeting

The first meeting of the Middle and Lower Brazos study design workgroup was held in College Station, TX on August 21, 2008. Topics discussed included an overview of the TIFP, the study design process, and an introduction to goal development. Workgroup members agreed on organization of the workgroup, participated in a virtual tour of the Middle and Lower Brazos River, reviewed local values for the river, and developed a goal statement. The meeting was hosted by the Brazos River Authority and facilitated by the University of Texas - Center for Public and Dispute Resolution. Presentations and other information are provided below.

- 1) Welcome and Introductions
- 2) TIFP Overview by Wendy Gordon (TCEQ)
